Welcome Message

Dear Colleagues and Friends,

We are honoured to invite you to the 7th International and 17th National Conference of the Indian College of Anaesthesiologists (ICACON 2026), to be held on Sep 12th-13th, 2026, at Aligarh Muslim University, Uttar Pradesh, with pre-conference workshops on Sep 11th at the Jawaharlal Nehru Medical College, AMU.

Founded in 1875 by Sir Syed Ahmad Khan, AMU stands as a beacon of academic excellence, inclusivity, and cultural heritage, set within the historic city of Aligarh, known for its rich literary traditions, skilled craftsmanship, and gracious hospitality—the true spirit of Aligarh Tehzeeb.

ICACON 2026 will showcase the latest advancements in anaesthesiology, perioperative medicine, and pain management through plenaries, symposia, panel discussions, and hands-on workshops led by distinguished faculty from India and abroad. Young anaesthesiologists will be encouraged to present research and engage in sessions on the future of the specialty.

We warmly welcome delegates from across the nation and overseas to join us for this academic and cultural celebration at Aligarh Muslim University. We are confident that ICACON 2026 will be both intellectually enriching and culturally memorable.

We look forward to your esteemed participation.

Team ICACON 2026

Aligarh Muslim University, Aligarh, India

NATIONAL ICA COMMITTEE

DR. JAYASHREE SOOD
ICA PRESIDENT

DR. B RADHAKRISHNAN
ADVISOR

DR. BALJIT SINGH
CEO

DR. KUMAR BELANI

NATIONAL DEAN

DR. PRADEEP JAIN
NATIONAL SUB-DEAN

DR. ANJELEENA KUMAR GUPTA
TREASURER

ORGANISING COMMITTEE

**Prof. Hammad
Usmani**
Organising
Chairman

Prof. S. Hussain Amir
Co-Organising
Chairman

**Prof. Obaid A
Siddiqui**
Organising
Secretary

Prof. Abu Nadeem
Co-Organising
Secretary

Dr. Shahna Ali
Co-Organising
Secretary

**Dr. Nazia
Tauheed**
Treasurer

WORKSHOP DIRECTORS

Prof. Rashid M Khan
Advanced Airway
Workshop

**Prof. Poonam
Malhotra**
POCUS Workshop

Dr. Yash Javeri
Mechanical Ventilation
Workshop

Dr. Faiza Khan
Obstetrics Simulation
Workshop

Dr Md Ishtiyaque Hussain
Ultrasound Guided Regional
Nerve Blocks Workshop

WORKSHOPS

ADVANCED AIRWAY WORKSHOP

- A focused hands-on session covering essential advanced airway techniques for confident management.
- Practical training in difficult airway strategies and key advanced intubation skills.
- A concise module on mastering video-laryngoscopy, supraglottic devices, and emergency airway steps.
- Hands-on instruction in safe, systematic management of challenging airway scenarios.
- A streamlined session aimed at strengthening critical airway decision-making and technique.

POCUS WORKSHOP

- An immersive workshop on key bedside ultrasound views for rapid clinical assessment. Practical training in essential airway, lung, cardiac, FAST, and vascular ultrasound skills.
- A focused session on acquiring and interpreting high-yield POCUS images for quick decisions.
- Hands-on learning of core ultrasound applications used in anaesthesia and acute care.
- A compact, image-focused workshop for improving bedside diagnostic confidence.

MECHANICAL VENTILATION WORKSHOP

- A practical module on core ventilator modes, troubleshooting, and safe respiratory management.
- Focused training in modern ventilation strategies and patient-specific ventilator adjustment.
- A concise session on understanding modes, alarms, and lung-protective ventilation.
- Hands-on practice in optimising ventilator settings for perioperative and critical care.
- Streamlined teaching on evidence-based ventilation principles for everyday clinical use.

OBSTETRIC CRISIS SIMULATION & SKILLS WORKSHOP

- A simulation-based session on recognising and managing major obstetric emergencies.
- Practical training in rapid response for PPH, eclampsia, and other high-risk obstetric crises.
- A focused module on developing team-based skills for time-critical obstetric situations.
- Hands-on simulation training to improve preparedness for life-threatening obstetric events.
- A concise skills workshop designed to strengthen crisis management in obstetric anaesthesia.

ULTRASOUND GUIDED REGIONAL NERVE BLOCKS

- Discover precise sonoanatomy of upper/lower limb & truncal blocks through vivid ultrasound imaging mastery.
- Hone in-plane/out-of-plane needling skills on realistic phantoms with expert one-on-one guidance.
- Master safety checklists & smart dosing to conquer complications like LAST in real-world scenario.
- Unlock seamless integration of RA blocks into cutting-edge multimodal analgesia protocols

PARTNERSHIP OPPORTUNITIES

PLATINUM PARTNER

- Premium exhibition stall (Choice for multiple platinum partners on First come First serve basis) Stall (Size: 2 x 2 Mtr)
- Logo and Company name on Sponsor Panel as the Platinum sponsor
- Promotional material insertion in Delegate Kit
- Logo will be uploaded on the conference website
- 1 Day Seat Cover in the Main Hall
